MISS A. BAILEY
MISS J. HARDY

Rodent Operative (Part-time):
J. R. PRATT

Annual Report

TO THE URBAN DISTRICT COUNCIL OF EASTWOOD

Mr. Chairman, Madam and Gentlemen,

It is my privilege to present the Annual Report for 1969.

During the year, the campaign for immunisation against Measles was interrupted by the withdrawal of one of the manufacturers' vaccines and a consequent shortage thereafter. At the time of writing, supplies of Measles vaccine are readily available. Naturally acquired Measles can be a severe disease with the possibility of respiratory, neurological and other complications, some of which may cause permanent damage throughout the remainder of life. By contrast, Measles vaccination is safe and usually devoid of reactions. When they do occur, they resemble a modified and slight attack of Measles lasting 24 hours or so without the risk of complications and permanent damage. Parents are, therefore, recommended to have their children vaccinated against Measles in infancy.

The need for infants and children to be protected against Diphtheria, Whooping Cough and Poliomyelitis still exists. These diseases will appear again in the community if a sufficient number of children are not protected by immunisation.

The statistics for the district compare favourably with those for England and Wales.

The Report includes a summary of the work of the Public Health Inspectors and clearly indicates the value of the work in preventing illness and ill-health.

The Report has been compiled in accordance with the requirements of the Minister.

May I thank the Chairman and Members of the Health Committee and my colleagues in other departments.

WILLIAM R. PERRY,

Medical Officer of Health.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

Area	...	...	...	...	...	...	...	...	...	1,178 acres
Population: Estimated by Registrar General (mid-year, 1969)										11,400
Number of Inhabited Houses (31st December, 1969)										3,687
Rateable Value (1st January, 1969)										£321,796
										(31st December, 1969) £325,092
Product of Penny Rate (1st January, 1969)										£1,287
										(31st December, 1969) £1,290

During the period the area remained as constituted on 1st April, 1935, when the Nottinghamshire County Review Order, 1934, came into force.

EXTRACTS FROM VITAL STATISTICS FOR 1969

Live Births		Male	Female	Total
Legitimate		112	98	210
Illegitimate		4	4	8
		116	102	218

Birth Rate per 1,000 population: 19.1

Comparability Factor: 0.97

Adjusted Birth Rate 18.5

Illegitimate live births as a percentage of total live births: 4.00

Deaths		Male	Female	Total
		56	49	105

Crude Death Rate per 1,000 population: 9.2

Comparability Factor: 1.29

Adjusted Death Rate: 11.9

Natural increase of population (excess of births over deaths): 113

Still Births		Male	Female	Total
Legitimate		—	1	1
Illegitimate		—	—	—
		—	1	1

Still Birth Rate per 1,000 total (live and still) births: 5.00

Infant Mortality

Deaths of Infants under one year of age:

Age in Weeks	Legitimate		Illegitimate		Total
	Males	Females	Males	Females	
0—1	1	—	—	—	1
2—4	1	—	—	—	1
5—52	2	—	—	1	3
Total	4	—	—	1	5

Infant Mortality Rates

Infant Mortality Rate (deaths under one year per 1,000 Live births)	14.00
Legitimate Infant Mortality Rate (deaths under one year per 1,000 legitimate live births)	10.00
Illegitimate Infant Mortality Rate (deaths under one year per 1,000 illegitimate live births)	125.00
Neo-Natal Mortality Rate (deaths under four weeks per 1,000 total live births)	5.00
Early Neo-Natal Mortality Rate (deaths under one week per 1,000 total live births)	5.00
Perinatal Mortality Rate (still births and deaths under one week combined per 1,000 total live and still births)	9.00

Maternal Mortality

There were no deaths attributable to childbirth.

PREVALENCE OF, AND CONTROL OVER INFECTIOUS AND OTHER DISEASES

General

The total number of Infectious and Notifiable Diseases notified during the year was 40, compared with 101, 64, 88, 135 and 105 for the five years immediately preceding. These cases are classified in the Table on page 14.

The number of notifications of each disease was as follows:—

Dysentery	...	...	...	...	...	...	27
Measles	...	...	...	...	...	...	8
Scarlet Fever	...	...	...	...	...	...	3
Tuberculosis	...	...	...	...	...	...	2

Premises were disinfected where requested and disinfectant supplied to infected households.

Diphtheria

For the twenty-second year in succession no case of Diphtheria was confirmed in the District.

Details of combined Diphtheria, Whooping Cough and Tetanus Immunisation carried out in 1969 are as follows:—

Age	Under Health Dept. Arrangements	By Private Practitioners	“Boosters”	
			Under Health Dept. Arrangements	By Private Practitioners
Born in year 1969	1	—	—	—
Born in year 1968	93	31	—	—
Born in year 1967	3	1	10	—

65 years + ...	—	—	—	—	—	—	—	—	—	—	—	—
Totals ...	—	2	—	—	—	—	—	—	—	—	—	—

There were 26 names of persons residing in the District on the Register of Cases on the 31st December, 1969 as follows:—

Pulmonary Cases	Non-Pulmonary Cases
8 males	1 male
15 females	2 females

B.C.G. Vaccination of Schoolchildren

Vaccination against Tuberculosis was carried out by the Medical Officer of Health. All schoolchildren of 10 years of age and over are eligible.

The procedure consists of a preliminary skin test to find out who would benefit from the protection which B.C.G. vaccination confers. These children are known as the negative reactors to the test. Those who have a positive reaction are not vaccinated, but are referred for a full chest X-Ray, and are subsequently kept under review.

The B.C.G. procedure is thus of two-fold value. It enables those who have not been in contact with the tuberculosis germ to be vaccinated and so protected for the future, whereas the children who have already been in contact with the germ can be examined by X-Ray and kept under supervision.

The following table summarises the work done:—

School	Skin Tested	X-Ray	Total Vaccinated
Walker Street County Secondary	167	10	144
Eastwood Hall Park Co. Sec. Tech.	92	6	84

**PREVALENCE OF NOTIFIABLE DISEASES DURING THE

* New cases only — Inward Transfers not included.

GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA

Mortuary Accommodation

The Mortuary, which is situated at the rear of the Council Offices, Church Street, Eastwood, was used on 36 occasions during the year as compared with 42 for the year 1968. Of these 36 cases, 24 related to persons whose death occurred outside the Urban District.

Mortuary facilities serve the adjoining Parishes of Brinsley, Greasley, Awsworth, Kimberley and Nuthall. The Rural District Council of Basford, by agreement, are responsible for the payment of fees in respect of persons brought from their district. These fees at the present time are 10s. for the use of the Mortuary with an additional charge of 10s. when a post-mortem is held. These charges have remained unchanged since this service was made available in September, 1948.

Ambulance Facilities

The Ambulance Service is administered by the Nottinghamshire County Council, and the Sub-Station is at Nottingham Road, Eastwood.

An ambulance is summoned by telephoning to the County Ambulance Control, **Telephone Nottm. 82603**, and in the event of an Eastwood ambulance not being available a vehicle is despatched from the nearest County Station.

Nursing in the Home

Five District Nurses reside in the area for the purpose of treating non-infectious cases. Their nursing area includes the adjoining Parish of Greasley in the Rural District of Basford.

The service is free, and a District Nurse will always do her best to answer an emergency call without waiting for formalities to be completed. In non-emergency cases the Nurse will attend at the request of the private doctor.

The nurses operate from the following addresses:—

314 Nottingham Road, Eastwood (Tel.: Langley Mill 3371).

9 Derby Road, Eastwood (Tel.: Langley Mill 3710).

47 Park Crescent, Eastwood (Tel.: Langley Mill 3440).

47 Ratcliffe Street, Eastwood (Tel.: Langley Mill 5762).

3 Middleton Close, Nuthall (Tel.: Kimberley 3518).

Midwifery Service

There are four Midwives practising and residing in the Urban District. Gas and Air Analgesia during child-birth is available to all persons residing in the area.

It is very important that an expectant mother should book her Midwife (and her doctor if she so desires) very early in her pregnancy. Names and addresses of Midwives can be obtained from the Notts. County Council, County Hall, West Bridgford, Nottingham. (Tel. Nottm. 83366).

Home Help Service

Home Helps are provided by the County Council and are available throughout the area where service is required owing to the presence of any person who is ill, lying-in, an expectant mother, aged, mentally defective, or a child not over compulsory school age.

In maternity cases a Home Help attends daily for two weeks from the birth of the baby, excluding Saturday afternoons and Sunday, and her duties include ordinary domestic work such as cleaning, cooking, washing care of children, mending and shopping.

In general cases of sickness, or when assisting in the households of old or infirm people, Home Helps undertake such of the above duties as may be necessary. Part-time help can be arranged.

The charge for this service is 5s. 3d. per hour, but where the applicant is unable to afford this amount the County Council's Scale of Assistance is applied.

The office address is: Home Help Service, Watnall Road, Hucknall. (Telephone No.: Hucknall 3596).

Health Visiting

There are three Health Visitors employed by the Nottinghamshire County Council on Maternity and Child Welfare work in the district. The services of a Health Visitor may be secured by calling at the County Health Centre.

Prevention of Illness, Care and After-Care

Facilities are provided by the Nottinghamshire County Council, as the Local Health Authority under Part III of the National Health Service Act, 1946, for the prevention of illness, care and after-care.

NOTTINGHAMSHIRE COUNTY COUNCIL ACT, 1951 **Establishments for Massage or Special Treatment**

Part VII of this Act came into force on the 10th March, 1952, in the Eastwood Urban District and the powers and duties applicable to this section have been delegated to the Eastwood Urban District Council.

At the end of the year there was one licensed establishment in the District for massage or special treatment at No. 140, Nottingham Road.

NATIONAL ASSISTANCE ACT, 1948

The District Welfare Officer for the Eastwood District is Mr. P. Mullins—office address: Halifax House, Station Road, Hucknall (Telephone No.: Hucknall 2093).

Homes for the Aged

The National Assistance Act, 1948, places a duty and responsibility on County and Borough Councils to provide residential accommodation for persons who, by reason of old age, infirmity or other circumstances, are in need of care and attention which is not otherwise available to them.

For this purpose, the Nottinghamshire County Council maintains 24 Homes, all of which are occupied to capacity.

The homes are provided for elderly persons of both sexes, including married couples who, on account of advancing years or infirmity, are no longer able to look after themselves in their own homes and have no one able and willing to look after and care for them. They are not intended for sick persons who need constant medical attention or nursing care, but residents suffering from minor ailments are looked after as in ordinary households.

Short Stay Accommodation

Limited facilities are available for the accommodation for short periods of aged people normally receiving care and attention from relatives to enable such relatives to have a holiday or otherwise to have a short period of relief from their responsibilities.

National Assistance (Amendment) Act, 1951

The Council has authorised the Medical Officer of Health to make applications under this Act to a Court of Summary Jurisdiction or to a single Justice of the Peace for an order for the urgent removal of certain persons from the premises in which they are residing to a hospital or other place, instead of such application being made by the Council.

No applications for Orders under this Act were made in 1969.

REPORT OF THE PUBLIC HEALTH INSPECTORS

We have the honour to present our fourth annual report on the work carried out by the Public Health Inspectors.

This year saw the coming into force of the Housing Act, 1969 and a subsequent increase in the number of applications for Standard Grants; The Council's change of policy with regard to Discretionary Grants will we are sure be welcomed by the ratepayers of Eastwood, and present indications are that the number of grant applications in the future will be well in excess of any year previous to this.

August of this year saw the closure of the only slaughterhouse in the district to be actively engaged in the slaughter of animals for human consumption and the consequent loss of income from Meat Inspection. We are assured that this is only temporary.

We wish to express our thanks to the members of the Council, and particularly to the Chairman and members of the Health and Housing Committee for this continued support.

T. F. HERMAN,

A. J. PARKIN,

Public Health Inspectors.

SANITARY CIRCUMSTANCES OF THE AREA

Water

All houses within the district are provided with a piped water supply by the City of Nottingham Water Department, and taken in bulk from the Derwent Valley Water Board.

No samples were taken by this Authority but the City Analyst makes bacteriological and chemical examinations monthly of samples taken at Eastwood Filtration Works, both before and after treatment.

The supply was again satisfactory in quality and quantity and no action was found necessary.

No new mains were laid within the Eastwood Urban District.

INSPECTION AND SUPERVISION OF MEAT AND OTHER
FOODS

Slaughtering and Meat Inspection

All animals slaughtered within the district were inspected by the Council's Public Health Inspectors. The Inspectors' duties included ante and post-mortem examinations of pigs, the supervision of slaughter-house hygiene and securing the prevention of cruelty. No cattle or sheep were slaughtered.

Some 22 minor offences relating to unhygienic practices were noted, and these were dealt with informally and consequently remedied.

The number of licensed slaughterhouses in the district at the end of the year was as follows:—

Private Slaughterhouses	2
Public Slaughterhouses	Nil

There are no Knackers Yards in the district.

	Sheep and Lambs	Pigs
Total No. killed		16207
Number inspected		16207
All diseases except Tuberculosis—		
Whole carcasses condemned		4
Carcases of which some part or organ was condemned		1452
Percentage of the number inspected affected with disease other than Tuberculosis		8.8%
Tuberculosis only—		
Whole carcasses condemned		—
Carcases of which some part or organ was condemned		39
Percentage of the number inspected affected with Tuberculosis		0.28%

Total weight of meat condemned as a result of the above inspection:
6,097 lbs.

Details of whole carcasses condemned (Pigs):—

Disease or Condition	No. of Carcasses
Multiple Abscesses	2
Pyæmia	1
Gangrene	1
	4

Slaughter of Animals' Act, 1958

Fifteen persons were licensed as Slaughtermen under the provisions of the Act, all licences being renewable annually.

Condemned Foodstuffs (other than Fresh Meat)

During the year the following foods were surrendered as being unfit for human consumption:—

	lbs.
Meat at Retail Shops	50
Meat Products	87
Fish	38
Other Foods	251
Total Weight (in lbs.)	426

Food and Drugs Act, 1955 (Section 2)

During the year three complaints of food purchased, not of the nature, substance or quantity demanded were made to the department.

All complaints were thoroughly investigated and where appropriate the manufacturers were cautioned. It was decided not to take legal proceedings in any one of the three cases.

Food Hygiene (General) Regulations, 1960

During the year 202 visits were made to Food Premises within the district. The total number of premises to which the Regulations were to be enforced were 118. At no time was it found necessary to recommend the institution of legal proceedings, but in 14 instances informal action was taken to remedy minor contraventions of the Regulations. During visits to Food Premises the Public Health Inspectors readily gave advice as to the necessity of clean food handling and, in particular, the importance of hand washing and personal cleanliness.

MILK AND DAIRIES

Milk and Dairies (General) Regulations, 1959

At the end of the year ten persons were registered as Distributors of milk.

Milk (Special Designations) (Pasteurised and Sterilised) Milk Regulations

These Regulations are enforced by the County Council and we are indebted to Mr. Gregory, the Chief Inspector of Weights and Measures, for the following information regarding milk sampling:—

Article	No. of samples obtained	No. found to be satisfactory	No. found to be unsatisfactory
Pasteurised Milk	97	97	1
Sterilised Milk	6	6	—
Milk Bottles (bacteriological)	48	48	—

Ice Cream

One new application for the registration of premises for the sale and storage of ice cream was received.

The number of premises on the Register at the end of the year was 54.

HOUSING STATISTICS

Number of houses erected during the year:—

(a) By the Local Authority	Nil
(b) By Private Enterprise	17

1.—Inspection of Dwelling-houses during the year:—

(1) (a) Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts)	97
(b) Number of inspections made for the purpose	158
(2) (a) Number of dwelling-houses included under sub-head ((1) above) which were inspected and recorded under the Housing Consolidated Regulations	Nil
(b) Number of inspections made for the purpose	Nil
(3) Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation	28
(4) Number of dwelling-houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation	64

2.—Remedy of Defects during the year without service of formal Notices:—

Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority or their Officers	37
--	----

3.—Action under Statutory Powers during the year:—

(a) Proceedings under Sections 9, 10 and 12 of the Housing Act, 1957:—	
(1) Number of dwelling-houses in respect of which Notices were served requiring repairs	Nil
(2) Number of dwelling-houses which were rendered fit after service of formal Notices:—	
(a) By owners	Nil
(b) By Local Authority in default of owners	Nil
(b) Proceedings under Public Health Acts:—	
(1) Number of dwelling-houses in respect of which Notices were served requiring defects to be remedied	2
(2) Number of dwelling-houses in which defects were remedied after service of formal Notices:—	
(a) By owners	1
(b) By Local Authority in default of owners	Nil

- (c) Proceedings under Sections 16, 17 and 23 of the Housing Act, 1957:—
- | | |
|--|-----|
| (1) Number of dwelling-houses in respect of which Demolition Orders were made | Nil |
| (2) Number of dwelling-houses demolished in pursuance of Demolition Orders | Nil |
| (3) Number of dwelling-houses demolished in pursuance of Clearing Orders | Nil |
| (4) Number of dwelling-houses in respect of which Closing Orders were made | 8 |
| (5) Number of dwelling-houses in respect of which Closing Orders were determined, the dwelling-house having been rendered fit | Nil |
- (d) Proceedings under Section 18 of the Housing Act, 1957:—
- | | |
|--|-----|
| (1) Number of separate tenements or underground rooms in respect of which Closing Orders were made | Nil |
| (2) Number of separate tenements or underground rooms in respect of which Closing Orders have been determined, the tenement or room having been made fit ... | Nil |
- (e) Proceedings under Sections 10 and 11 of the Local Government (Miscellaneous Provisions) Act, 1953:—
- | | |
|---|-----|
| Number of dwelling-houses in respect of which Closing Orders were made | Nil |
|---|-----|

4.—Housing Act, 1957, Part IV.—Overcrowding:—

No complaints of overcrowding were received during the year.

5.—House Purchase and Housing Act, 1959.

Housing Acts, 1961-64.

Improvement of Houses by Standard Grants

During the year 43 applications were received for Standard Grants towards the cost of providing the five basic housing improvements—a bath or shower, a wash-hand basin, an internal water closet, a hot water system and sink. Particulars relating to these applications are as follows:—

Number of houses in respect of which application for grants were received	43
Number of applications receiving approval	47
Number of houses improved during the year	53
Average permissible grant per house	£155
Average actual grant per house	£125

Offices, Shops and Railway Premises Act, 1963

Fewer visits than in previous years were carried out, the original bulk of inspections now having been completed. Some 50 visits were made to registered premises and a further 20 visits were made to other premises to ascertain whether registration was necessary.

It will be noticed that the number of office employees has greatly increased, this being almost entirely due to a return to Eastwood of the N.C.B. Central Office Staff.

		(1) Class of premises	(2) Number of premises newly registered during the year	(3) Total number of registered premises at end of year	(4) Number of registered premises receiving one or more general inspections during the year

				NIL	
		No. of complaints (or summary applications) made under Section 22 NIL No. of interim orders granted NIL			
		TABLE F—INSPECTORS No. of inspectors appointed under Section 52(1) or (5) of the Act Two			
		No. of other staff employed for most of their time on work in connection with the Act None			

Prevention of Damage by Pests Act, 1949

Ninety-one complaints of rats and mice were received in the year. In addition, a further 161 properties were surveyed for the presence of rats and mice. Eighty-five properties in all were found to be infested and these were treated by poisoning with Warfarin.

The Council's refuse tip was visited regularly and treated for rat infestations.

Sixty-five complaints of insect pests were also received and dealt with.

The district sewers were test baited in Spring, 1969, and a six-monthly maintenance treatment was carried out to them.

Atmospheric Pollution

On four occasions, boilerhouses were visited following contraventions of the Dark Smoke (Permitted Periods) Regulations and the boilerhouse staff both warned and advised regarding the emissions. No legal action was taken.

One application for prior approval of a new boiler furnace was received and this was granted.

No further progress was made with regard to implementing Smoke Control Areas.

Noise Abatement Act, 1960

No complaints were received under the above heading.

Pet Animals Act, 1951

One application for the renewal of a licence under this Act was received and granted in respect of a pet shop.

Moveable Dwellings

There were no sites licensed under the Caravan Sites and Control of Development Act, 1960.

Scrap Metal Dealers Act, 1964

We have one registered dealer under the provisions of the above Act.

Petroleum (Regulations) Acts, 1928 and 1936

Number of Licences issued to store Petroleum	12
Number of Licences issued to store Carbide of Calcium	Nil
Total storage capacity for Petroleum Spirit (Galls.) ...	39,500
Total Fees collected	£12 10 0
Number of inspections of licensed stores	34

All licensed premises have been regularly inspected and found to comply with the conditions of the Licences issued.

FACTORIES ACT, 1961

PART I. OF THE ACT

1.—INSPECTIONS for purposes of provisions as to health (including inspections made by Public Health Inspectors).

Premises	Number on Register	Inspections	Number of Written Notices	Occupiers prosecuted
(i) Factories in which Sections 1, 2, 3, 4 and 6 are to be enforced by Local Authority	5	8	—	—
(ii) Factories not included in (i) in which Section 7 is enforced by the Local Authority	44	26	1	—
(iii) Other Premises in which Section 7 is enforced by Local Authority (excluding outworkers' premises)	—	—	—	—
Total	49	34	1	—
